**1. Please provide Company Information.**

Name: - Neil Connors  
 Company: - Connors Diving Services  
 City/Town: - Halifax  
 State/Province: - Nova Scotia  
 ZIP/Postal Code: - B3T 1L7  
 Country: - Canada  
 Email Address: - [neil@connorsdiving.com](mailto:neil@connorsdiving.com)  
 Phone Number: - 902-876-7078

**2. Where do you get your air tested for compliance to standards / regulations in your area?**

Breathing Air Systems

**3. How much does it cost?**

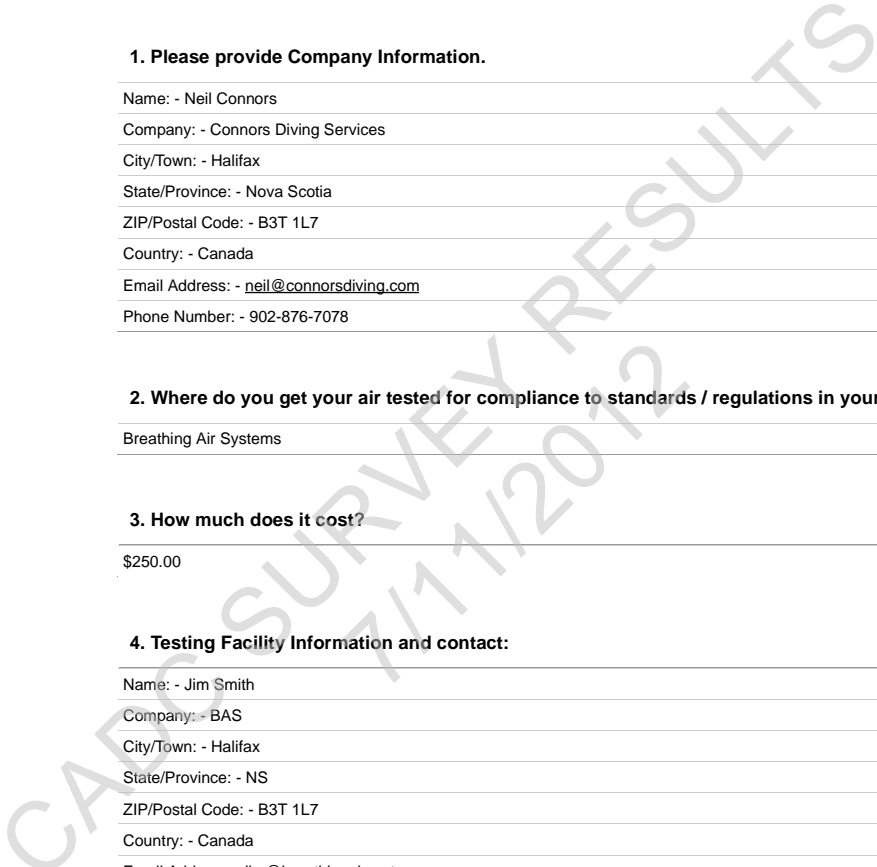

\$250.00

**4. Testing Facility Information and contact:**

Name: - Jim Smith  
 Company: - BAS  
 City/Town: - Halifax  
 State/Province: - NS  
 ZIP/Postal Code: - B3T 1L7  
 Country: - Canada  
 Email Address: - [jim@breathingairsystems.ca](mailto:jim@breathingairsystems.ca)  
 Phone Number: - 902-876-7078

**5. Comments or suggestions:**

Breathing Air Systems maintains a inventory of both high pressure and low pressure test kits, the testing is done by a CSA approved laboratory.

**1. Please provide Company Information.**

Name: - Kelly Korol

Company: - DiveSafe International

City/Town: - Campbell River

State/Province: - BC

ZIP/Postal Code: - V9W 5B6

Country: - Canada

Email Address: - [kelly@divesafe.com](mailto:kelly@divesafe.com)

Phone Number: - 250-287-3837

**2. Where do you get your air tested for compliance to standards / regulations in your area?**

Maxxam Analytics - Burnaby BC

**3. How much does it cost?**

\$225 + shipping

**4. Testing Facility Information and contact:**

Company: - Maxxam Analytics

City/Town: - Burnaby

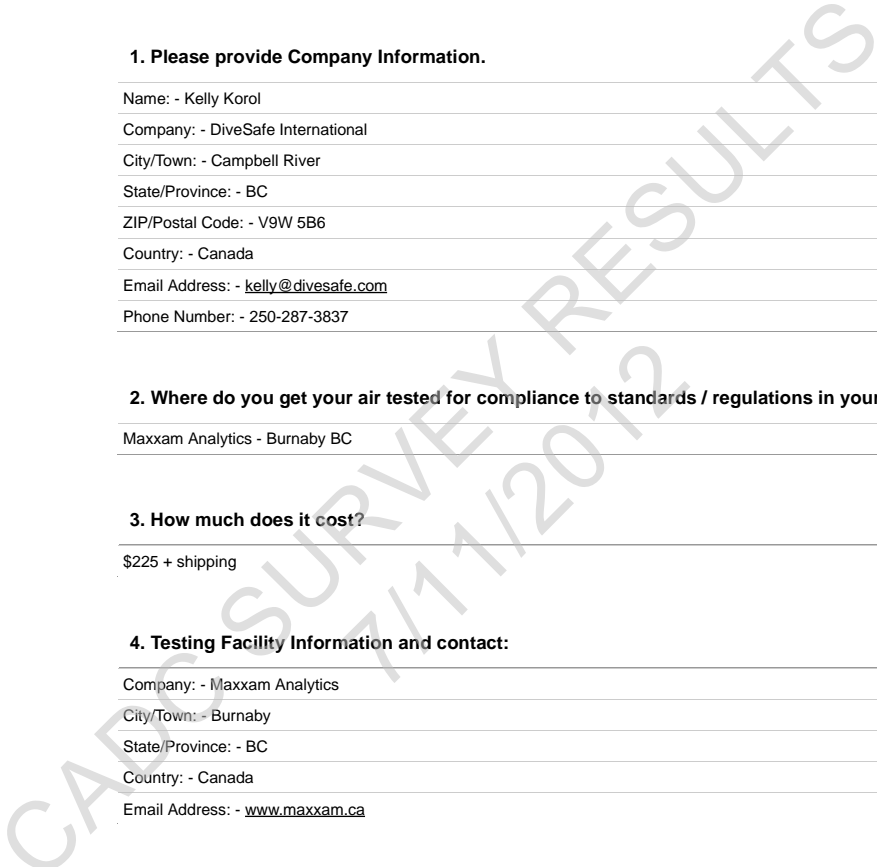

State/Province: - BC

Country: - Canada

Email Address: - [www.maxxam.ca](http://www.maxxam.ca)

**5. Comments or suggestions:**

As we understand Maxxam is the only lab on the west coast that is "fully accredited" for testing to the CSA standard. As a result of this survey, can you petition Maxxam to get a group rate for CADC members?

Attachments: image003.png

Doug,  
We have used Research and Productivity in New Brunswick for several years. All functions very prompt, from order for cylinders to reporting.  
\$271.00 per test for LP.  
Regards,

## MEMBERSHIP SERVICES

Members:

Quality air testing is a requirement for safe diving operations and depending on where you operate, is most likely the law.

However – it is also expensive and when you have a multitude of compressors and other air receivers, it adds up.

We want to do a survey to find out where quality air testing

<http://www.surveymonkey.com/s/CKWFJ7G>

Results will be sent out to all members .... Lets find out where the best-bang-for-the-buck is .....

Doug,  
For air tests we use Trace Analytics LLC out of Texas. Its around \$300 for initial setup then around \$80 per sample, works well and usually quick.

Regards,  
Tony
